If it becomes obvious that some particular subject not heretofore included on this list, should be given priority handling, the Bureau will be promptly advised.

(U) ~~(S)~~ Reference is also made to Bureau letter to WFO dated 6/3/54, in captioned matter, requesting this office to indicate the total personnel needed to fully implement instant program. It is my opinion that 285 Agents will be needed to handle all phases of captioned program. This number of Agents will be available from those squads in WFO handling ~~(S)~~ Soviet and Satellite Bloc matters and Espionage and Foreign Intelligence matters, with a small number to be obtained from among personnel assigned to other investigative matters in WFO at the present time.

In accordance with reBulet of 9/21/53, WFO will continue to submit, in the future, the revised priority list, and the requested statistical information on a monthly basis. If it becomes obvious that some particular subject not heretofore included on this list, should be given priority handling, the Bureau will be promptly advised.

(U) ~~(S)~~ Reference is also made to Bureau letter to WFO dated 6/3/54, in captioned matter, requesting this office to indicate the total personnel needed to fully implement instant program. It is my opinion that 285 Agents will be needed to handle all phases of captioned program. This number of Agents will be available from those squads in WFO handling Soviet and Satellite Bloc matters and Espionage and Foreign Intelligence matters, with a small number to be obtained from among personnel assigned to other investigative matters in WFO at the present time.

(U) ~~(S)~~ CUBAN EMERGENCY PLANS
INTERNAL SECURITY - CUBA

(U) This memorandum is in response to the Director's inquiry as to what study and plans have been developed regarding handling of the Cuban problem in case of hostilities with Cuba. We have specific programs covering such eventuality.

(U) By SAC Letter 60-54, dated 11/22/60, we established a special program to keep track of dangerous individuals of pro-Castro affiliations, activities or sympathies. Such persons are placed on our Security Index and, as of 9/24/62, 57 individuals (including 18 Cuban aliens) were so included. In addition, we have specially tabbed 162 other individuals, such as communists, et cetera, who are on the Security Index but who also have shown pro-Cuban sympathies. Thus, we can immediately segregate a total of 219 individuals who are considered dangerous, who are actively or sympathetically avowing the cause of Castro.

(U) In the event of hostilities with Cuba, the Government would immediately proceed to pick up those of the 219 who are aliens, a total of 20 (the 18 Cuban aliens, plus two aliens of other countries who are among the 162 specially tabbed). We keep the Immigration and Naturalization Service informed concerning these aliens, and the Attorney General could issue deportation warrants against them, thus enabling them to be picked up.

(U) Relative to the remainder, our program requires that, in the event of hostilities with Cuba, instructions will go immediately to our field offices to expand the coverage of each subject to the extent necessary to neutralize his dangerousness to this country.

(U) With reference to Cuban diplomatic personnel, it is noted that the Cuban Mission to the United Nations is the only Cuban diplomatic establishment in the United States. On 2/15/62 we sent our New York Office 20

copies, in the Spanish language, of the protective custody warrant which FBI Agents would serve on Cuban officials when specified by the Department of State. Upon notification by the Department of State, Bureau Agents, together with a State Department official, would proceed to the United Nations and take these Cuban officials into protective custody. As of 9/1/62 there were seven Cuban officials and four dependents at the Cuban Mission. These officials would then be taken to their residences, where they would pack such belongings as they could carry and would be taken to a detention center designated by the State Department. Following the initial pickup by Bureau Agents, they would be turned over to Immigration and Naturalization Service agents for transport to the detention center and handling thereafter. (U)

(U) The present Attorney General has been advised of all phases of our Security Index program and the program to place officials of enemy nations in protective custody. By letter 2/1/62 the Attorney General was advised that Cuba was included with the Soviet-bloc nations under the possible internment program. We have not, however, specifically raised the question with the Attorney General as to action to be taken against Cuban officials and other pro-Cuban individuals considered dangerous in the event of hostilities with Cuba alone. (U)

RECOMMENDATION:

(U) (U) It is recommended we send a brief note to the Attorney General, specifically pointing out that, in the event of hostilities with Cuba, we have presently 219 pro-Cuban dangerous individuals on the Security Index; that 20 of these are aliens and could be apprehended on the basis of deportation warrants; that the remainder would be placed under close observation by the FBI; and that we would be prepared to place Cuban officials and their dependents in protective custody upon proper instructions from the Department of State. A letter to the Attorney General along these lines is attached for your approval. (U)

In accordance with reBulet of 9/21/53, WFO will continue to submit, in the future, the revised priority list, and the requested statistical information on a monthly basis. If it becomes obvious that some particular subject not heretofore included on this list, should be given priority handling, the Bureau will be promptly advised.

(U) ~~(S)~~ Reference is also made to Bureau letter to WFO dated 6/3/54, in captioned matter, requesting this office to indicate the total personnel needed to fully implement instant program. It is my opinion that 285 Agents will be needed to handle all phases of captioned program. This number of Agents will be available from those squads in WFO handling [Soviet and Satellite Bloc] matters and Espionage and Foreign Intelligence matters, with a small number to be obtained from among personnel assigned to other investigative matters in WFO at the present time.

~~(S)~~ **CUBAN EMERGENCY PLANS**
~~(S)~~ **INTERNAL SECURITY - CUBA**

(U) In order to be prepared for any eventuality in **Cuban** situation, we plan to ask Attorney General for authority to serve deportation warrants of arrest on **Cuban** aliens on Security Index, if hostilities break out between U. S. and **Cuba**. Appropriate field offices are being instructed to obtain full names and to verify addresses and employments of those **Cubans** involved. (U)

(U) With the situation rapidly deteriorating, possibility exists U. S. could be involved in hostile acts with **Cuba**. In the event of hostilities the **Cuban** aliens on the Security Index could be arrested by Bureau Agents on basis of deportation warrants of arrest issued by the Attorney General and then turned over to INS custody. Since we have been following activities of these individuals, Bureau is logical agency to handle such pickups. (U)

(U) Precedent for action of this type was established in 1955 when William P. Rogers, then Deputy Attorney General, executed deportation warrants of arrest which called for the apprehension of Chinese aliens on the Security Index. This took place during the Formosan crisis involving the U. S. and Communist China. Similar action appears to be most logical with regard to present **Cuban** situation. (U)

(U) To be certain we have up-to-the-minute data, we should contact field offices covering residences of those involved to get verification of their addresses and places of employment and for assurance that Bureau has their full and correct names. When this information is furnished the Bureau, we will make it available to Attorney General, pointing out prior precedent in 1955 crisis. We will request that Attorney General issue deportation warrants of arrest and that Bureau Agents be authorized to serve such warrants in event of open hostilities between U. S. and **Cuba**. (U)

ACTION:

(U) If you agree, attached airtel will be sent to appropriate offices calling for those offices to obtain above-mentioned data. (U)

In accordance with reBulet of 9/21/53, WFO will continue to submit, in the future, the revised priority list, and the requested statistical information on a monthly basis. If it becomes obvious that some particular subject not heretofore included on this list, should be given priority handling, the Bureau will be promptly advised.

Reference is also made to Bureau letter to WFO dated 6/3/54, in captioned matter, requesting this office to indicate the total personnel needed to fully implement instant program. It is my opinion that 285 Agents will be

~~SECRET~~

WFO 66-2395

(U) ~~(S)~~ needed to handle all phases of captioned program. This number of Agents will be available from those squads in WFO handling Soviet and Satellite Bloc matters and Espionage and Foreign Intelligence matters, with a small number to be obtained from among personnel assigned to other investigative matters in WFO at the present time.

INTERNAL SECURITY - CUBA

(U) ~~(S)~~
(U) ~~(S)~~
(U) Memorandum Samelli to Sullivan 10/3/62 approved plan to ask Attorney General to issue deportation warrants of arrest for Cuban aliens on Security Index, and for authority to have Bureau Agents serve these warrants if hostilities break out between U. S. and Cuba. Complete names, home and business addresses of those involved have been obtained and letter is being directed to Attorney General requesting he execute such warrants.

(U) ~~(S)~~
(U) ~~(S)~~
(U) A limited period of emergency resulting from hostile actions between U. S. and Cuba would not call for action against all individuals on Security Index. Dangerous Cuban aliens presently on Security Index could, however, be taken into custody on basis of deportation warrants of arrest. Similar action was planned in 1955 (during Formosan crisis) when deportation warrants were executed by the Deputy Attorney General and delivered to the Bureau for service by our Agents in the event of hostilities between U. S. and Communist China.

(U) ~~(S)~~
(U) Since activities of these Cuban aliens on Security Index have been closely followed, Bureau is logical agency to effect their apprehension. Pertinent reports have been furnished to the Internal Security Division and to other interested agencies including Immigration and Naturalization Service (INS). In event the Attorney General concurs with our plan and necessary warrants are issued, we will advise INS as that service will be responsible for final action taken against aliens involved.

(U) ~~(S)~~ **CUBAN EMERGENCY PLANS**
~~(S)~~ **INTERNAL SECURITY - CUBA**

(U) Memorandum 9/25/62 in captioned matter pointed out we had specific programs to be instituted immediately in the event of hostilities with **Cuba**. This memorandum points up the action we have taken in order that we may be in a position to move immediately if hostilities develop.

(U) By letter 9/26/62 the Attorney General was informed as to the number of dangerous pro-**Cuban** individuals who are carried on the Security Index. He was further advised of the fact that we are prepared to place **Cuban** diplomatic officials assigned to the United Nations and their dependents in protective custody upon receipt of appropriate instructions to do so from the Department of State.

(U) By letter dated 10/3/62, the Attorney General was advised of the criteria which we would thereafter follow in placing aliens of **Cuban** nationality and aliens holding **Cuban** citizenship on the Security Index. These new criteria were circularized among the various field offices by SAC Letter Number 62-55 dated October 5, 1962.

(U) With regard to aliens on the Security Index, we have the current full name and residence and business address of each, and each field office covering an alien is under current instructions to keep informed of the whereabouts of the subject. By letter dated 10/18/62 we have asked the Attorney General to issue a deportation warrant on each such **Cuban** alien. Upon receipt, the original copies of all such warrants are to be sent to the field offices covering the aliens involved. In the event of hostilities, these warrants will be utilized by Bureau Agents to apprehend the aliens. Thereafter, the original warrants will be turned over to the nearest District Director of the Immigration and Naturalization Service and that Service will take over custody of the aliens. We have a proposed teletype prepared for the purpose of instituting necessary action to apprehend all such **Cuban** aliens on the Security Index, once the warrants have been received from the Attorney General, in the event of hostilities with **Cuba**.

RE:-- CUBAN EMERGENCY PLANS

(U)

(U) With respect to all persons other than Cuban aliens on the Security Index tabbed as having pro-Cuban sympathies, we have a communication all prepared for transmittal to interested field offices for the purpose of issuing specific instructions with regard to the intensification of the coverage of such subjects.

(U)

(U) With respect to our over-all emergency plans, we have a plan of action for interning enemy diplomatic, consular, United Nations and official personnel in the event of full-scale war. Following the break in relations between the United States and Cuba, the State Department approved for inclusion under such planning the official representatives of the Cuban Government. We have all such officials now in the United States identified and protective custody warrants, which would be served on Cuban United Nations officials by FBI Agents on instructions of State Department, are in possession of New York Office. In addition, we have the floor plan for the space occupied by the Cuban United Nations establishment for use if apprehensions and searches there are to be carried out. In the event of limited hostilities involving Cuba and the United States, we are fully prepared to carry out all procedures under this particular program upon the request of the Department of State. In this connection, we have a proposed teletype for transmittal to the New York Office (There are no Cuban officials in this country outside of those attached to the United Nations in New York City) issuing all necessary instructions with regard to handling Cuban officials under this program.

In accordance with reBulet of 9/21/53, WFO will continue to submit, in the future, the revised priority list, and the requested statistical information on a monthly basis. If it becomes obvious that some particular subject not heretofore included on this list, should be given priority handling, the Bureau will be promptly advised.

Reference is also made to Bureau letter to WFO dated 6/3/54, in captioned matter, requesting this office to indicate the total personnel needed to fully implement instant program. It is my opinion that 281 Agents will be needed to handle all phases of captioned program. This number of Agents will be available from those squads in WFO handling [Soviet and Satellite Bloc] matters and Espionage and Foreign Intelligence matters, with a small number to be obtained from among personnel assigned to other investigative matters in WFO at the present time.

(U) ~~(S)~~ Reference is also made to Bureau letter to WFO dated 6/3/54, in captioned matter, requesting this office to indicate the total personnel needed to fully implement instant program. It is my opinion that 281 Agents will be needed to handle all phases of captioned program. This number of Agents will be available from those squads in WFO handling [Soviet and Satellite Bloc] matters and Espionage and Foreign Intelligence matters, with a small number to be obtained from among personnel assigned to other investigative matters in WFO at the present time.

In accordance with reBulet of 9/21/53, WFO will continue to submit, in the future, the revised priority list, and the requested statistical information on a monthly basis. If it becomes obvious that some particular subject not heretofore included on this list, should be given priority handling, the Bureau will be promptly advised.

Reference is also made to Bureau letter to WFO dated 6/3/54, in captioned matter, requesting this office to indicate the total personnel needed to fully implement instant program. It is my opinion that 273 Agents will be needed to handle all phases of captioned program. This number of Agents will be available from those squads in WFO handling Soviet and Satellite Bloc matters and Espionage and Foreign Intelligence matters, with a small number to be obtained from among personnel assigned to other investigative matters in WFO at the present time.
